Elizabeth Straessle Broker, MRP

Hello Future Corpus Christi or Kingsville Area Resident!

Here is the school "ratings" packet I have compiled. These listings come directly from the Texas Education Agency and their annual Accountability Ratings Process. 2019 is the most recent since they did not comply this in 2020 due to COVID.

None of these ratings are my own opinion or judgement. In fact, as a licensed realtor, I am not allowed to let my personal opinions guide you to or away from a certain school, as this could be construed as a violation of Fair Housing Laws.

It is my hope that sharing these state-determined ratings helps you to make more informed decisions about your housing.

I do also encourage you to speak with others who have had experiences in the schools and speak with school counselors regarding your child's unique learning situation. State accountability ratings are hard-pressed to take into account the nuances of a school's academic and personal development ecosystem, however I do hope that these TEA reports serve as an additional layer of data for you.

A bit more background about where these School Ratings come from:

The 85th Texas Legislature passed House Bill (HB) 22, establishing three domains for measuring the academic performance of districts and campuses: Student Achievement, School Progress, and Closing the Gaps. Districts and campuses receive a rating of A, B, C, D, or F for overall performance, as well as for performance in each domain.

The school report card (SRC) combines accountability ratings, data from the Texas Academic Performance Reports (TAPR), and financial information to give a broad view of campus performance. Available for each campus in Texas, the SRC is intended specifically to inform parents and guardians about a school's individual characteristics and its academic performance.

Visit **TXschools.gov** to see how Texas schools and districts performed in 2019. The **TXSchools.gov** website contains interactive accountability rating summaries and detailed reports for each district, campus, and open-enrollment charter school in the state of Texas.

What I have provided you in this packet is simply a compilation of the major Corpus Christi & Kingsville area school districts' and schools' OVERALL ratings. This list does NOT include all of the subcategories on which the schools or districts are scored simply because it makes it a complicated document to read. Should you want to understand more about the dimensions on which the schools and districts are scored, please check out TEA's website:

https://tea.texas.gov/Student_Testing_and_Accountability/Accountability/A%E2%80%93F_Resources

I hope that this helps provide you more information to make a more fully informed decision about your housing.

Please let us know if you have any questions. Additionally, please let us know if you need us to set up (or adjust) any rental or buy searches for you. Our group is here to make this move an easy real estate experience for you!

All the best,
Elizabeth
